DEFINITIONS

Bullying

“The word “bullying” means any repeated direct or indirect behaviour, comment, act or gesture, whether deliberate or not, including in cyberspace, which occurs in a context where there is a power imbalance between the persons concerned and which causes distress and injures, hurts, oppresses, intimidates or ostracizes” (Education Act Section 13(1.1))

[Bill 56: An Act to Prevent and Stop Bullying and Violence in Schools](#)

Violence

The word “violence” means any intentional demonstration of verbal, written, physical, psychological or sexual force which causes distress and injures, hurts or oppresses a person by attacking their psychological or physical integrity or well-being, or their rights or property. (Education Act Section 13(3))

[Bill 56: An Act to Prevent and Stop Bullying and Violence in Schools](#)

Sexual Violence

"The concept of sexual violence refers to any form of violence committed through sexual practices or by targeting sexuality, including sexual assault. It also refers to any other misconduct, including that relating to sexual and gender diversity, in such forms as unwanted direct or indirect gestures, comments, behaviours or attitudes with sexual connotations, including by a technological means."

Racism

The word racism means: “Racism corresponds to the “set of ideas, attitudes and actions whose purpose is to make ethnocultural and national groups feel inferior socially, economically, culturally and politically, thereby preventing them from benefitting fully from the advantages to which all citizens are entitled.” Racist discourse is usually based on real or presumed physical and cultural differences.” (MIDI, 2015)

Discrimination

The word discrimination means: “Every person has a right to full and equal recognition and exercise of his human rights and freedoms, without distinction, exclusion or preference based on race, colour, sex, gender identity or expression, pregnancy, sexual orientation, civil status, age except as provided by law, religion, political convictions, language, ethnic or national origin, social condition, a handicap or the use of any means to palliate a handicap. Discrimination exists where such a distinction, exclusion or preference has the effect of nullifying or impairing such right.” (Charter of Human Rights and Freedoms, section 10).

School Portrait

School's socio-economic index:

7

190 students (358 students weighted numbers)

Crestview is a community school (Prek-6) that serves a very diverse population and prides itself on its ability to integrate students into their less restrictive environment. Out of 21 homeroom classes, 12 are specialized classes.

Student population:

Students who come to our school in one of our low ratio groupings are invited to learn with us because they are having difficulty regulating their emotions and often lash out at the environment that surrounds them.

Students who come to our school in one of our low ratio groupings present with emotional and behavioral challenges.

Crestview also provides learning opportunities for students who have great difficulty expressing themselves.

Other pertinent information:

Many students at Crestview are still at the beginning stages of expressive language and will use their bodies in unsafe ways in order to express a dislike or frustration. The challenge Crestview has is to work at replacing the negative behaviours for positive ones. Therefore, when considering the volume of incidents, one must be prudent and understand the complexity of the task. Crestview also provides learning opportunities for students who have great difficulty expressing themselves due to communication issues related to their diagnosis. Many are still at the beginning stages of expressive language including difficulties with receptive language. This frequently results in maladaptive methods of communication including physical

aggression and major dysregulation. A major challenge at Crestview is to reduce maladaptive behaviours through communication-building tools resulting in lower incidents of aggression and increased incidents of positive behaviour. Therefore, when considering the volume of incidents, one must be prudent and understand the intricacies of student profiles, “why” behind the numbers of incidents, and the complexity of strategies needed to reduce high-intensity incidents.

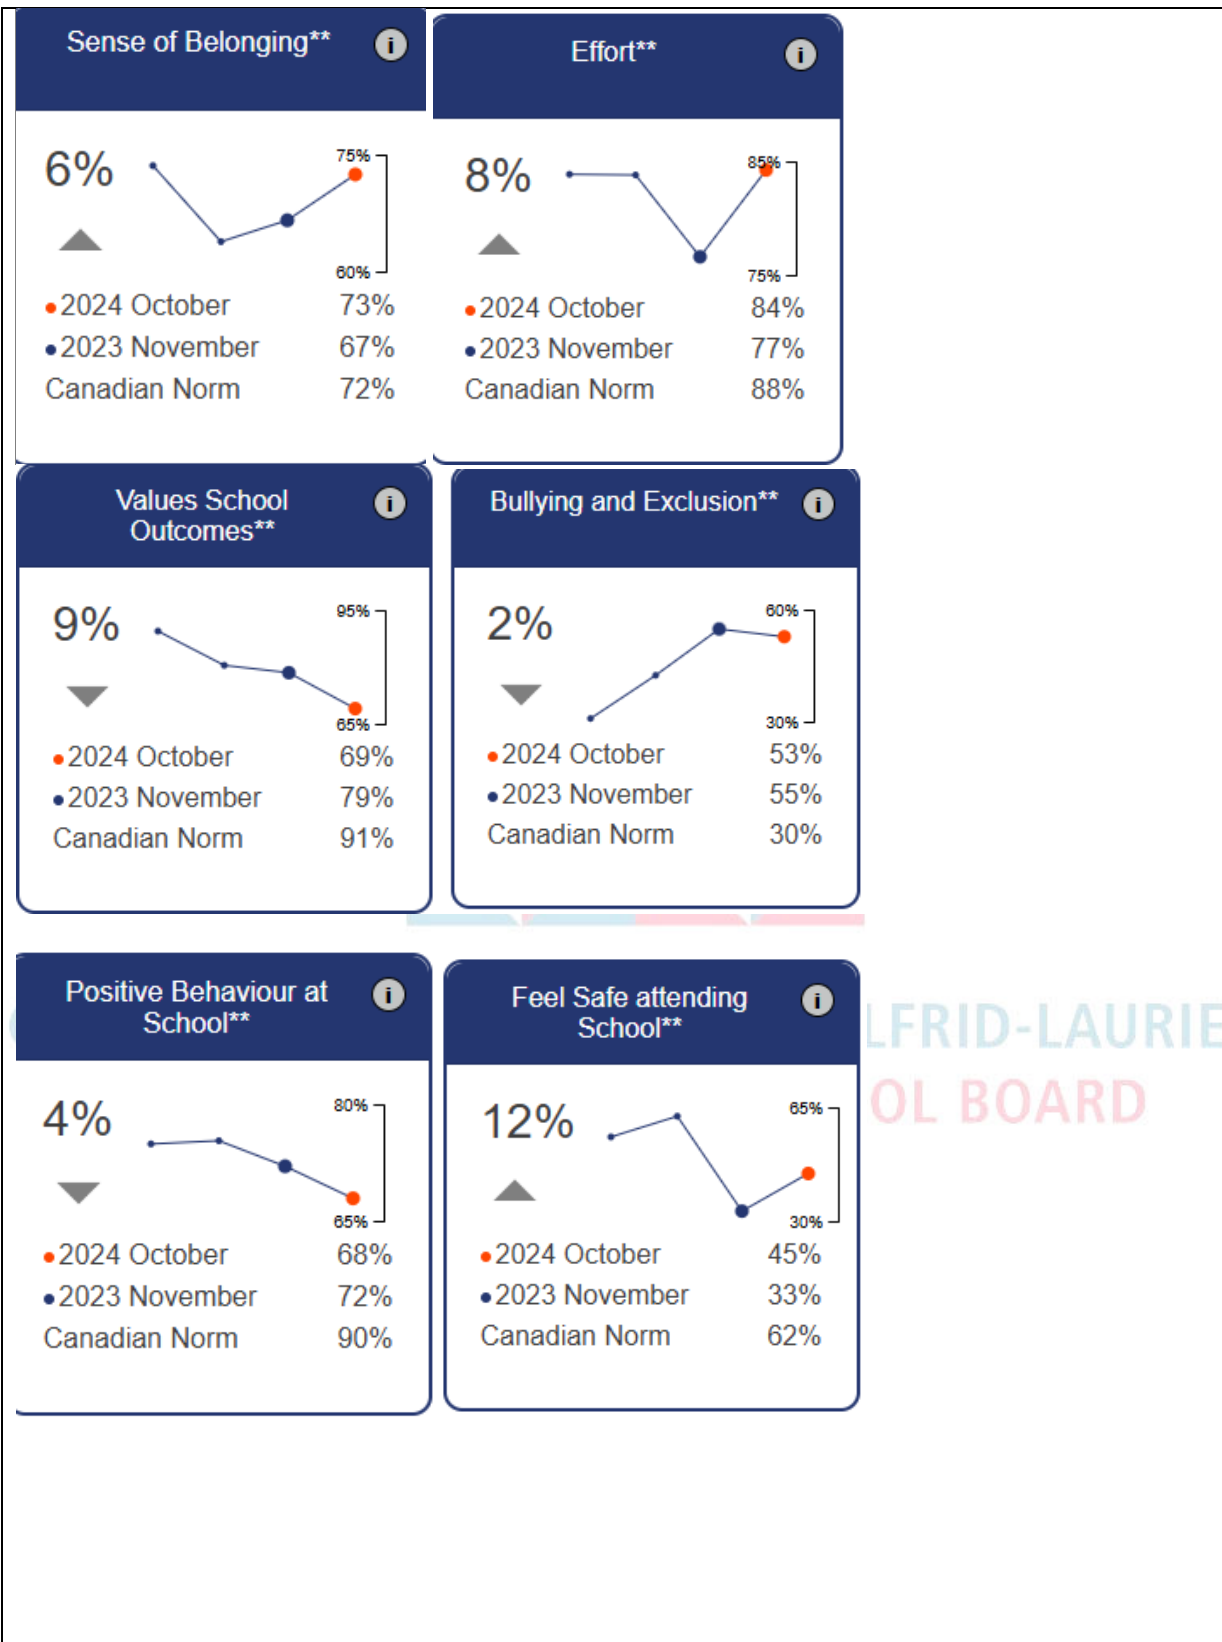

Analysis

An analysis of the situation prevailing at the school with respect to bullying and violence is conducted each year by using the following indicators:

- Review and analysis of GPI / ISM (digital reporting platform) entries related to bullying and / or violence;
- Results from the latest *Our School Survey* (formerly *Tell Them From Me*).

COMMISSION SCOLAIRE SIR-WILFRID-LAURIER

Our School Survey 2024-2025

ALFRID-LAURIER
SCHOOL BOARD

Analysis of our data

We have seen improvements in sense of belonging, we will continue with school wide activities and reminders of acceptance for all.

This year we will emphasize on the importance of effort and setting realistic goals. Common vocabulary will be shared with the students during assemblies and teacher lessons.

We will work on initiatives that promote the importance of school and learning for the students' futures. The Rockets hockey team will visit the students and share with them why school and reading are important. In cycle 3, the students will participate in a career day in their classrooms. We will also celebrate Hooked on School Days in February (Laurent Duvernay-Tardif). I Love to Read Week will also be celebrated with the students in the month of February.

Furthermore, a new reporting form has been created by the Sheila Lindsay and Michelina Scala and shared with the staff in order to have clarity and in-depth details on incidents of aggression or bullying. These new forms will assist the staff (Support staff, teachers, consultants) in creating relevant and effective support plans. Support Plans are shared with the parents.

Using OIM Mozaik to monitor positive actions to increase self-esteem and self-confidence, the recognition of good behaviour encourages the reputation. Using "golden tickets" to monitor actions.

Element 3

MEASURES FOR PARENT/GUARDIAN COLLABORATION

The success of this plan depends on the understanding and support of all of our stakeholders. School administrators and staff play a key role in developing programs and strategies to improve daily school life. Students also have a responsibility to promote and support positive behaviours. Parents/Guardians are equally important and necessary partners in this initiative. Parents/Guardians are encouraged to be active advocates for their children and to be aware of changes in their behaviours and to contact the school when behaviours at home become a concern.

The following measures are aimed at encouraging parents/guardians to collaborate in preventing and stopping bullying and violence and in creating a healthy and secure environment.

1. The School's Code of Conduct will be communicated with the parents/guardians (agenda, curriculum night, bulletins/memos, and/or on school website).
2. The ABAV Plan will be made available to parents/guardians.
3. Ongoing communication between principal and / or their designate and parents/guardians of children who are being bullied and those who are engaging in bullying behaviours until the resolution of the situation. Periodic communication with students who are bullied and their parent(s) to ensure that measures taken have been successful and the bullying has ceased.

SIR WILFRID LAURIER SCHOOL BOARD

Element 4 PROCEDURES FOR REPORTING

The school will take the necessary measures to ensure confidentiality for all parties.

An incident of bullying and/or violence can be reported verbally (in person or by phone) or in writing (by email or by letter addressed to school administration). Students who wish to write a note to report an incident are encouraged to include their name for follow up.

Staff members who receives a report must document the information and submit the information to administration for follow up. On receiving a complaint concerning bullying or violence, and after considering the best interest of the students directly involved, the principal shall promptly communicate with their parents to inform them of the measures in the anti-bullying and anti-violence plan. The principal shall also inform them of their right to request assistance from the person specifically designated by the school board for that purpose.

When parents/guardians have been informed about a bullying situation or an act of violence, they are expected to communicate with the school principal, an alternate administrator or the classroom teacher. The report will be documented. Following the investigation, the parent/guardian should be contacted and advised that the situation has been investigated and appropriate action has been taken. Details are divulged so as to maintain confidentiality.

Element 7

SUPERVISORY AND SUPPORT MEASURES (for the victim, bully, witness & bystander)

It is the responsibility of every adult staff member to use difficult / challenging situations opportunities to help students improve their social and emotional skills, accept personal responsibility for their learning environment, and understand consequences for poor choices and behaviours.

A clear distinction exists between *remediation* and *consequences*.

- a) **Remediation**, intended to counter or “remedy: a behavioural mistake, can be an effective prevention practice. Remediation measures are intended to correct the problem behaviour, prevent a reoccurrence, protect and provide support for the victim and take corrective action for documented systemic problems related to bullying and violence. Remediation measures allow the student an opportunity to reflect on behaviours, learn pro-social skills and make amends to those affected. Working with recovery plans and restorative justice practices are categorized as remediation.
- b) **Consequences** communicate to a perpetrator that their behavior is their choice and their responsibility. A consequence respects the child’s right to make a decision, even if it’s not a good one. It’s a matter-of-fact learning experience in which you maintain a better relationship with the child as you hold them accountable. Consequences are almost always enacted in conjunction with remediation measures and restorative practices. Measures should be applied on a case-by-case basis and take into consideration a number of factors including:

Student Considerations:

- Age and developmental maturity of the students involved;
- Nature, frequency and severity of the behaviours;
- Relationships of the parties involved;
- Context in which the alleged incidents occurred;
- Patterns of past or continuing behaviours;
- Other circumstances that may play a role.

School Considerations:

- School culture, climate and general staff management of the learning environment;
- Social, emotional and behavioural supports;
- Student-staff relationships and staff behaviour toward the student;
- Family, community and neighborhood situation;
- Alignment with policies and procedures.

Examples of remedial measures and consequences may include, but are not limited to, the examples listed below:

Remediation Measures for Victims

- Meet with counsellor / mentor / special education technician / administrator / staff member to:
 - Create a safe environment to allow victim to explore feelings about incident. Maintain open lines of communication.
 - Develop a plan to ensure student's emotional and physical safety at school.
 - Ensure student does not feel responsible for the behaviour.
 - Ask student to log and report any and all future related incidents.
 - Offer counseling to help develop skills for overcoming the negative impact on self-esteem.
- A staff member will conduct scheduled follow-up meetings with the student to ensure the bullying or violence has stopped and to provide support to the student. The degree of support offered at these meetings and their frequency shall depend upon the feedback from the victim regarding the current circumstances.
- In all cases, it will be determined which members of the school staff must be made aware of the incident to ensure that the student is safe.
- Parents will be informed immediately following the incident and regularly updated until the situation is resolved.
- Other:

- Meet with special education technician, school counsellor, social worker or psychologist to:
 - Explore mental health issues or emotional disturbances – what is happening and why?
 - Offer additional social skills training such as impulse control, anger management, developing empathy and problem solving.
 - Arrange for apology – written is recommended.
 - Arrange for restitution – particularly if any personal items were damaged or stolen.
 - Determine restorative practices (age appropriate).
- Other:

Michelina Scala, Sheila Lindsay, Diana Mastroianni
--

Remediation Measures for Witnesses

- Following the incident, an intervention may be held with any witnesses to determine their role in the incident. If the incident witnessed is severe, witnesses are met, in a group or individually, to debrief the event, discuss their role and to determine more appropriate actions in the future.
- The school reserves the right to contact the parents/guardians of bystanders.
- As with victims, witnesses to acts of bullying or violence should have a reasonable expectation of feedback from intervening adult figures in a timely manner so as to guarantee a sense of safety and security in the school.
- Other:

Remediation Measures for Student Bystanders

- Review Student Response Protocol.
- Explore reasons why they did not intervene or report the incident.
- Offer of coaching on how to safely intervene or help the situation.
- Other:
