

Crestview at a Glance...

Here are a few updates for the week of February 10, 2024

Flu Season

- As flu season is upon us, we want to remind everyone of the importance of keeping our school community safe and healthy. If your child is feeling unwell or showing symptoms of illness, please keep them home to rest and recover. This helps prevent the spread of viruses and ensures a healthier environment for all students and staff.
- Additionally, some children may benefit from wearing a mask if they are sick as an extra precaution. With various viruses circulating, we encourage everyone to take the necessary steps to stay safe, including practicing good hand hygiene and covering coughs and sneezes.
- Thank you for your cooperation in keeping Crestview Elementary a safe and healthy place for learning.

811 Option 2

- At Crestview Elementary, the well-being of our students is our top priority. We understand that children may face challenges that require additional support. If your child is experiencing a crisis, please know that there are resources available to help.
- **One of the best services to reach out to is 811, option 2, where** you can speak with a professional and explain in detail what is happening with your child. They can guide you to the appropriate support services based on your child's needs.
- Additionally, there are various services available for students, and we encourage families to reach out if they need assistance. If you have concerns about your child's well-being, please do not hesitate to contact the school so we can work together to ensure they receive the support they need.

100th the Day of School

- We are excited to celebrate the 100th day of school with our students! This special milestone is a wonderful opportunity for learning, fun, and reflection on all the progress made so far.
