Original text in French

The development of an anti-bullying and anti-violence plan is one process among a set of actions implemented by the educational institution to ensure a healthy and safe environment. The prevention of violence and bullying requires ongoing actions that depend, in particular, on the continuous and consistent application of the rules of conduct and safety measures approved by the governing board. In accordance with the Education Act (EA), the rules of conduct must specify, in particular:

- the attitudes and conduct that are required of students at all times*
- the behaviours and verbal or other exchanges that are prohibited at all times, including during school transportation, regardless of the means used, including social media*
- the applicable disciplinary measures, according to the severity or repetitive nature of the prohibited act*

Furthermore, the rules of conduct and the safety measures must be presented to the students during a civics session held each year by the principal in collaboration with the school staff. They must also be sent to the parents at the beginning of each school year (EA, s. 76). Often outlined in the educational institution's code of conduct, these rules of conduct are intended to ensure the best possible conditions for success and the proper operation of the school. They establish the expected everyday behaviours for fostering community life (e.g. respect, civility). The objective of the anti-bullying and anti-violence plan is to develop ways of preventing the occurrence of any situation of bullying or violence, and to plan out the actions to be taken when such a situation unfortunately arises.

In this template for the anti-bullying and anti-violence plan, the term "instigator" replaces the more widely used term "author", particularly in legal frameworks. The term "instigator" is thus used in this document except when those legal frameworks are cited.

INTRODUCTION

In order to clarify the duties and responsibilities of educational institutions and all school stakeholders involved in situations of violence and bullying, the Education Act (hereinafter, “EA” [CQLR, c. I-13.3]) requires every educational institution¹ to develop a plan aimed at preventing and putting an end to all forms of bullying and violence and, more specifically, at making the institution a healthy and safe learning environment, so that every student attending it can develop their full potential, free from any form of bullying or violence. In addition, the adoption of the Act respecting the National Student Ombudsman (S.Q., 2022, c. 17, hereinafter, “ANSO”) has led to further amendments to the EA.

In particular, the EA therefore stipulates the following:

- The principal shall see to the implementation of the anti-bullying and anti-violence plan and shall promptly deal with any report or complaint concerning an act of bullying or violence that they receive or that the regional student ombudsman sends to the principal (EA, s. 96.12). The principal shall assist the governing board in the exercise of its functions and powers and, for that purpose, shall coordinate the development, the review and, if necessary, the updating of the anti-bullying and anti-violence plan (EA, s. 96.13). The principal shall see to it that all school staff members are informed of the school’s rules of conduct, safety measures and anti-bullying and anti-violence measures, and of the procedure to be followed when an act of bullying or violence is observed (EA, s. 96.21).*
- Every school staff member shall collaborate in implementing the anti-bullying and anti-violence plan and shall see to it that no student in the school is the victim of bullying or violence (EA, s. 75.3).*
- The governing board is responsible for approving the anti-bullying and anti-violence plan, and any updated version of the plan, proposed by the principal (EA, s. 75.1).*
- A document explaining the anti-bullying and anti-violence plan must be distributed to parents. The governing board shall see to it that the wording of the document is clear and accessible. The document must indicate that it is possible to make a report or file a complaint concerning an act of sexual violence to or with the regional student ombudsman and, for a person who is dissatisfied with the follow-up on a complaint filed with the institution, to use the complaint processing procedure provided for in the Act respecting the National Student Ombudsman (EA, s. 75.1).*
- The anti-bullying and anti-violence plan must be reviewed each year and updated if necessary. The principal of the school sends a copy of the anti-bullying and anti-violence plan and any updated version to the National Student Ombudsman (EA, s. 75.1).*
- Each year, the governing board shall evaluate the results achieved by the school with respect to preventing and dealing with bullying and violence (EA, s. 83.1).*
- A document reporting on the evaluation must be distributed to the parents, the school staff and the regional student ombudsman (EA, s. 83.1).*

CONFLICT, VIOLENCE OR BULLYING

Conflict	Violence	Bullying
<i>Misunderstanding or disagreement between two or more individuals who do not share the same point of view, values or interests. There are no victims, even if the individuals may feel like they are losing. A conflict may be resolved either through negotiation or mediation.</i>	<i>Any intentional demonstration of verbal, written, physical, psychological or sexual force which causes distress and injures, hurts or oppresses a person by attacking their psychological or physical integrity or well-being, or their rights or property (EA, s. 13).</i>	<i>Any repeated direct or indirect behaviour, comment, act or gesture, whether deliberate or not, including in cyberspace, which occurs in a context where there is a power imbalance between the persons concerned and which causes distress and injures, hurts, oppresses, intimidates or ostracizes (EA, s. 13).</i>

Sexual Violence

The Education Act does not provide a definition of sexual violence. However, reference to the following definition is suggested:

The concept of sexual violence refers to any form of violence committed through sexual practices or by targeting sexuality, including sexual assault. It also refers to any other misconduct, including that relating to sexual and gender diversity, in such forms as unwanted direct or indirect gestures, comments, behaviours or attitudes with sexual connotations, including by a technological means (Act to prevent and fight sexual violence in higher education institutions [CQLR, c. P-22.1]).

Racism and Discrimination

Racism:

A set of ideas, attitudes, and actions that aim to or result in the inferiorization of ethnocultural and national groups in social, economic, cultural, and political terms, thus preventing them from fully benefiting from the advantages granted to all citizens. (Concerted Action Plan 2020-2025)

Discrimination:

Every person has a right to full and equal recognition and exercise of his human rights and freedoms, without distinction, exclusion or preference based on race, colour, sex, gender identity or expression, pregnancy, sexual orientation, civil status, age except as provided by law, religion, political convictions, language, ethnic or national origin, social condition, a handicap or the use of any means to palliate a handicap. Discrimination exists where such a distinction, exclusion or preference has the effect of nullifying or impairing such right. Charter of Human Rights and Freedoms section 10.

GENERAL INFORMATION

CHARACTERISTICS OF THE EDUCATIONAL INSTITUTION

Name of the educational institution	Crestview Elementary School
Name of School Board	Sir Wilfrid Laurier School Board
Name of Principal	Sarah Lefebvre Gauthier
Type of instruction	Elementary School
Number of students	171
Other characteristics	Crestview is a community school (PreK–6) that serves a diverse population of learners. The school is structured into four learning streams—mainstream classrooms, low-ratio classrooms, language and special education classrooms. This model allows us to meet the wide range of academic, social, emotional, and communication needs presented by our students. Of our 21 homeroom classes, 12 are specialized settings. Students who join our low-ratio or contained classrooms often experience challenges with emotional regulation, behaviour, or expressive and receptive communication. Many are still developing the foundational skills necessary to express themselves effectively, which can sometimes result in maladaptive behaviours, including physical aggression or significant dysregulation. These behaviours are not the goal, but rather a form of communication that reflects their current developmental stage. A central focus at Crestview is to support students in building stronger communication, self-regulation, and social-emotional skills. By providing targeted interventions, structured environments, and opportunities for gradual integration into less restrictive settings when appropriate, we aim to reduce maladaptive behaviours and increase positive, pro-social engagement. Therefore, when reviewing the volume or nature of reported incidents, it is important to consider the complexity of our student profiles, the “why” behind the behaviours, and the deliberate work involved in supporting students with significant needs. Our structure and practices reflect Crestview’s commitment to meeting students where they are and helping them grow in safe, supportive, and responsive learning environments.
Values identified in the educational project	Mission: Helping Every Child Shine: Our focus is to prepare them to successfully meet the challenges in our diverse society Vision: Promote Lifelong Learning: To place the child at the center of his/her learning and to nourish his/her growth and potential

Objective(s) of the educational project in relation to the anti-bullying and anti-violence plan	Objective 2: To develop social communication skills by working on multiple functions of communication. Objective 3: To improve Social Emotional Learning by explicitly teaching self-awareness.

ACTIONS TO BE TAKEN FOLLOWING AN ACT OF BULLYING OR VIOLENCE

Actions to be taken when a student, teacher or other school staff member or any other person observes an act of bullying or violence or when a report or complaint is sent to the institution by the regional student ombudsman (EA, s. 75.1, para. 3, subpara. 5)

Actions to be taken by a student who is a witness or a confidant	Actions to be taken by a staff member who is a direct witness or a confidant (Stakeholder 1)	Actions to be taken by the person responsible for follow-up (Stakeholder 2)
Information for a student who is a witness: <i>Workshops, presentations or activities on the role of the witness and the confidant are probably provided by your educational institution, your school/centre or your school board. Ideally, use the same terminology when recording actions related to the role of a student who is a witness, whether at the educational institution, at the adult education centre or online.</i>	The actions to be taken must be adapted to the situation. <i>Information for a staff member who is a witness: It is important that everyone involved at an educational institution is aware of the emergency protocol and intervention methods during situations of violence and bullying. Effective communication tools can also ensure more rapid intervention.</i>	The actions to be taken must be adapted to the situation. <i>Take note of the necessary information and store it securely, especially for the purpose of sending a summary report to the director general, if applicable (EA, s. 96.12).</i>
Examples for a student who is a witness: • Ask a school staff member for help. 4.	Examples for a staff member who is a witness: • Put an end to the inappropriate behaviour. • Describe the behaviour that is expected under the code of conduct. • Guide the student towards the expected behaviour. • Always verify how the victim is doing and assure them that the situation is being dealt with. • Record the relevant information (Incident report (s)) and pass it along. 5.	Examples for the person responsible for the follow-up: • Ensure the safety of all stakeholders. • Support the people affected by the situation. • Gather information. • Meet with the student who was a victim, the students who were instigators/perpetrators and the witnesses. • Inform the parents/guardians of the situation and encourage a solution focus approach. • Evaluate and analyze the situation, such as the frequency and severity of the behaviours as well as the needs of the students involved.

School principal

On receiving a complaint concerning bullying or violence, and after considering the best interest of the students directly involved, the principal shall promptly communicate with their parents to inform them of the measures in the anti-bullying and anti-violence plan. The principal shall also inform them of their right to request assistance from the person specifically designated by the school service centre for that purpose (EA, s. 96.12).

Name and contact information:

Note: The principal must be informed when a situation involves a school staff member, whether as the victim, instigator or witness of an act of bullying or violence. The principal shall analyze the situation to determine the supervisory or support measures as well as any disciplinary measures, if applicable, in accordance with the legal frameworks, the applicable collective agreements, and the roles and responsibilities of the educational organization. If the staff member is a victim or a witness, the principal must also send the information to the institution's health and safety committee.

Sexual Violence

Actions to be taken when an act of sexual violence is observed

By a student who is a witness or a confidant	By a staff member who is a direct witness or a confidant (Stakeholder 1)	By the person responsible for follow-up (Stakeholder 2)
Take action to end the situation observed, for example, by: Asking an adult for help. Do not share private information with other students; instead talk to an adult.	Any adult in the educational institution who receives information concerning a situation of sexual violence must: - Listen to the student and allow them to speak freely at their own pace, while respecting their silences. - Refrain from attempting to steer the conversation or question the student. - Take note of what the student as well as the adult confidant say. - Reassure the student that the situation is being taken care of - Inform the principal of the school/centre.	Avoid having the student repeat their disclosure multiple times. Take note of the necessary information and store it securely, especially for the purpose of sending a summary report to the director general and the regional student ombudsman, if applicable (EA, s. 96.12).
	Immediately report the situation to the DYP by calling the following number: DYP Laval 450-975-4000 DYP Laurentians 1-800-361-8665 DYP Lanaudiere 1-800-665-1414	- Ensure the safety of stakeholder. - Support the people affected by the situation. - Gather information. - Meet with the student who was a victim, the students who were instigators/perpetrators and the witnesses. - Inform the parents/guardians of the situation and encourage a solution-focused collaboration.
	- All sexualized behaviours that take place in a school environment should be addressed. For children under the age of 12, the interventions can take various forms based on the categories below of observable sexualized behaviour: - Healthy behaviours: normalize them, reassure students who are curious about sexuality, provide guidance, etc.	Evaluate and analyze the situation (note that this may be the responsibility of the DYP, depending on the context): the frequency and severity of the behaviours, the needs of the students involved, etc.

	• Behaviours that are inappropriate in the school setting: reframe the behaviour through basic intervention that references the code of conduct, be clear about the rules to be followed and the expected behaviours, guide students towards other methods for managing their emotions, etc. • Worrisome or problematic behaviour: stop the behaviour immediately using specific instructions, remind students of the rules to be followed, meet with the child or children involved, etc. • If necessary, refer to any relevant guides or protocols that have been put in place in the educational institution (protocol for disclosures of situations of sexual violence, protocol in cases of sexualized behaviour, guide for making reports to the DYP, toolkit to be used for dealing with sexting or non-consensual sharing of intimate images, etc.). • Adopt a reassuring and open-minded attitude. • Facilitate eye contact with the student, for example, by positioning yourself at their level. Moderate your reaction; do not minimize or exaggerate the situation. • Use vocabulary appropriate for the student (label anatomically correct body parts, use of visuals when needed.) • Do not promise students that you will keep the disclosure a secret. • Help the student understand that, to ensure their safety, the adult must provide information to people responsible for ensuring children and adolescents' safety (the DYP).
